

**On November 18, 2012, Board Member Debra Robinson asked the following question:**

**QUESTION:**

Who is responsible for fidelity of implementation?

**RESPONSE:**

At Berkshire Elementary, administration is responsible for the fidelity of implementation of Reading Workshop. In addition, the Literacy Leadership Team, composed of principal, assistant principal, reading coaches, ESOL coordinator, ESE coordinator, and classroom teachers, plays an integral role in the monitoring of the implementation of Reading Workshop by Berkshire teachers. Berkshire also receives support from the Department Curriculum and Instruction in the form of a Reading/Writing support specialist that works with the teachers and administration.

An Administrative Cohort Training is offered to Principals and Assistant Principals 4 times per year. These trainings are offered at a Workshop School where Administrators participate in Walkthroughs.
