Development

CONSENT ITEM

- This revision is being made to align School Board Policy with our School-wide Positive Behavior Support initiative.

POLICY 5.1813

STUDENT CONDUCT CODE OPERATIONAL PROCEDURES FOR INCIDENTS AND ACTIONS FOR SECONDARY STUDENTS

1. The School Board of Palm Beach County is committed to providing a safe learning environment with a positive climate that supports academic achievement and promotes fairness, civility, acceptance of diversity and mutual respect.
2. To meet this objective, the Student Conduct Code for Secondary Students has been developed to assist students, parents, guardians, administrators and school personnel in maintaining a safe and supportive environment.
3. The Student Conduct Code for Secondary Students is incorporated herein by reference as part of the Policy and can be found on the School District's Safety, Culture and Learning Environment website.
4. Any referenced forms and documents are incorporated herein by reference as part of this Policy and can be found on the School District's website.

5.—Overview

a.—~~The matrix of incidents and actions which is found at the conclusion of this policy, is a tool administrators will utilize to issue consequences for misbehavior by secondary students. The purpose of the matrix is to create a consistent, district-wide disciplinary system by identifying specific actions that correspond to a given incident. Administrators will be able to reduce some of the subjectivity in their decision making and reference a Board Policy that requires minimum mandatory consequences. These district-required minimum actions will assist administrators in communicating with parents, students, staff, and school personnel regarding discipline issues.~~

b.—~~If the matrix of incidents and actions is utilized effectively and consistently, the focus of the discipline data generated should shift from the consequences of students' behavior and move toward the behaviors that result in those consequences. For example, instead of focusing on the number of suspensions, we would begin to address the incidents that generate those suspensions. Schools would then explore opportunities to implement programs/ initiatives/ strategies and then would provide assistance for school staff. For incidents that do not require an Out-of-School Suspension, schools should utilize In-School Suspension wherever possible as an alternative to an Out-of-School Suspension.~~

c.—~~The School Board recognizes that the matrix of incidents and actions must be construed to be consistent with the Individuals with Disability Education Act ("IDEA") and Section 504 of the Rehabilitation Act ("Section 504"). Therefore, students eligible for services under the IDEA or Section 504, will be disciplined in accordance with these Acts and are governed by those School Board Policies which specify that they apply to students covered under IDEA and 504.~~

6.—Using the Matrix

38 a. When a student commits an infraction, the misbehavior is classified according to the
39 definition(s) that best describe the event. The action(s) to be taken by the administrator are
40 outlined in the matrix of incidents and actions. To identify the appropriate action(s), locate the
41 cells found at the intersection of the incident (rows) and action codes which are identified by
42 the numbers at the top of the column. The actions represented by the codes are listed in the
43 box to the right of the matrix. Minimum mandatory consequences (actions which MUST be
44 imposed as a minimum consequence for first time offenses) are indicated by an "X." Additional
45 consequences (those actions from which an administrator MAY ADDITIONALLY choose to
46 impose for more serious or repeated actions) are indicated by an "A." Mandatory actions
47 (those actions which MUST be imposed) are indicated by an "M." By providing a minimum
48 mandatory consequence with additional options for all of the incidents, an administrator can
49 address the severity of the incident with the actions imposed. Additionally, every reasonable
50 effort should be made to inform the parent(s)/guardian(s) of discipline incidents involving their
51 children.

304 suggests that the threatener has given some thought to how the act will be carried
305 out; there may be a general indication of a possible place and time (though these
306 signs still fall well short of a detailed plan); There is no strong indication that the
307 threatener has taken preparatory steps, although there may be some veiled
308 reference or ambiguous or inconclusive evidence pointing to the possibility; an
309 allusion to a book or movie that shows the planning of a violent act, or a vague,

349 ~~owned by another person or organization, under confrontational circumstances by~~
350 ~~force or threat of force or violence and/or by putting the victim in fear. A key~~

352 ~~robbery.~~

353 ~~H. Code 57 – **Physical Aggression on a School Board Employee.**~~
354 ~~A volitional physically-aggressive act such as pushing, pulling, or striking toward a~~

367 ~~the owner or the person having custody or control of it. This category, which~~
368 ~~includes graffiti, should be coded when the amount of damage to the property,~~
369 ~~including materials and labor, exceeds one hundred dollars (\$100) to repair,~~
370 ~~remove, and/or replace. (NOTE: If the damage to the property, including materials~~
371 ~~and labor, is less than one hundred dollars (\$100) to repair, then the event should~~
